

# February 26 ETAC Notes

February 27, 2026

## Meeting Notes:

### Key Decisions Made

#### 1. *Naming Convention Change: APPROVED*

- Switch from "lessons" to "modules and submodules" terminology
- Rationale: Better aligns with higher education context
- Implementation: May 2026 change window
- Benefit: Maintains consistency and eases transition from old content experience

#### 2. *Content Visibility Settings: APPROVED*

- Enable new setting to display topics in table of contents while keeping content inaccessible outside availability dates
- Benefits:
  - Allows students working ahead to see what's coming
  - Reduces confusion about "missing" content
  - Provides better scaffolding for student planning
  - Applies to: New Content Experience

### Topics Requiring Further Investigation

#### 3. *Single Session Quiz Feature: PENDING*

- Feature locks students into single login session during quizzes
- Optional/instructor-controlled setting
- Concern: Impact on Academic Testing Center operations
- Next Steps: TLS to consult with Academic Testing Center
- Status: Decision on system-wide enablement pending

#### 4. *Extended Time Quiz Settings: PENDING*

- Question: Can extended time be set per-student across all courses (user-level vs. course-level)?
- Next Steps: TLS to investigate with D2L

## Updates & Administrative Items

- Reminder of upcoming purge of calendar year 2020 data in December
- Reminder of upcoming Brightspace changes in May
- Panopto Discussion: Deferred to next meeting for appropriate stakeholder participation
