

# March 26 ETAC Meeting Notes

March 27, 2026

---

## Notes:

### **1. Brightspace Accessibility – Read Speaker Activation**

- Read Speaker accessibility tools activated in public-facing Engage instance
- Provides same accessibility features as main Brightspace system

### **2. Brightspace Site Management Reorganization**

- Reorganization of sandbox sites, training sites, and program sites scheduled for May 2026
- New approval processes being developed through IT

#### **Action Item:**

- Submit list of training/program sites needing migration via IT ticket
- Ensures proper migration with no service interruption

### **3. Panopto Updates – Automated Machine Captioning and Professional Captioning**

- Automated Machine Captioning (AMC) enabled by default for all newly uploaded videos starting March 31, 2026
- Existing videos will not be retroactively captioned
- Professional human captioning services now available directly through Panopto
- Replaces previous 3Play Media vendor relationship
